DEAR PARENTS,

We invite you to ask us questions. Small questions, big questions, easy questions and difficult ones. They're all welcome.

Our pediatric specialists are standing by. We have experts in a variety of pediatric disciplines, including neurology, cardiology, oncology and a wide range of surgical specialties.

So head on over to [sutterchildrens.org/questions](https://sutterchildrens.org/questions) and ask away. Share what's on your mind. We'll respond to select questions on our Facebook page with a written or video answer.

We look forward to hearing from you. Remember, **all questions are good questions.**

Sincerely,

Your friends at Sutter Children's Center, Sacramento

DISCLAIMER: THIS FEATURE IS PROVIDED FOR INFORMATIONAL PURPOSES ONLY. DUE TO THE COMPLEXITY OF SOME HEALTH CONDITIONS, WE MAY NOT BE ABLE TO RESPOND TO YOUR QUESTION IN DETAIL, BUT WILL REFER YOU TO THE APPROPRIATE PHYSICIAN.

Sutter Children's Center, Sacramento never forgets that its patients are children. We provide both routine and advanced medical care, and we pride ourselves on being a "children's hospital within a hospital." We are part of the Sutter Health network. We have more than 75 board-certified pediatric sub-specialists. We're also nationally recognized as a center of excellence by the Children's Hospital Association.
